Introduction

We have audited the accompanying Regional Anti-Corruption Initiative (RAI) - Secretariat (furtherinafter: Secretariat) financial statements for the period January 01, 2016 – December 31, 2016. Secretariat’s Management is responsible for the preparation of the financial statements and for such internal control as management determines is necessary to enable the preparation of a statement that is free from material misstatement, whether due to fraud or error. Our responsibility is to express an opinion on the statement based on our audit.

Scope

We conducted our audit in accordance with International Standards on Auditing (ISA). Those standards require reasonable assurance whether the statements are free from material misstatement. Also, we conducted our audit in accordance with External Audit Terms of Reference which makes an integral part of this Audit Report and are given as Annex 1. The audit included examining the evidence supporting the amounts and disclosures in the financial statements whereby the supporting documents were verified and earmarked. The audit also included assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the expenditure incurred by the Regional Anti-Corruption Initiative (RAI) - Secretariat activities for the period January 01, 2016 – December 31, 2016.

Furthermore, in our opinion, the financial statements of the RAI Secretariat’s activities for the period from January 01, 2016 – December 31, 2016 are prepared, in all material respects, in compliance with the financial reporting provisions of the Secretariat’s Financial Management Manual and adhere to the conditions as set forth in the Secretariat’s ToR, work plan and approved budget.

Finally, based on our audit, nothing has come to our attention that causes us to believe that:
- the Internal Control System (ICS) is not adequately or effectively organized and applied
- the mandate execution is not in conformity with the mandate objectives and does not adhere to the donors’ requirements
- the business is not economically conducted and the financial resources are not effectively used.
