

## REGIONAL ANTI-CORRUPTION INITIATIVE ◦ SECRETARIAT ◦

Date: December 27, 2021

Ref.: Project Assistant

The Evaluation Committee for the selection process of the Project Assistant for regional project "Combating corruption and organised crime in the Western Balkans through strengthening regional cooperation in asset recovery" hereby suggests that the recruitment procedure is cancelled.

### EXPLANATION

Following the publishing of the vacancy advertisement, RAI Secretariat and AIRE Centre conducted further internal evaluation of the project and the profile needed for the position.

It was concluded that a Project Assistant profile (with the requirements for experience and skills indicated in the vacancy advertisement) would not fit the requirements of the project. Hence, the position of a Project Assistant is no longer relevant for the needs of project implementation.

The Project team would consider engaging a different profile for the needs of the project, following further internal discussions.

### Conclusion

Consequently, the Evaluation Committee recommends that the recruitment procedure for the Project Assistant is cancelled.
