1. BACKGROUND

Regional Anti-corruption Initiative (RAI) is an intergovernmental regional organization comprised of nine member countries from South East Europe (SEE): Albania, Bosnia and Herzegovina, Bulgaria, Croatia, Moldova, Montenegro, North Macedonia, Romania and Serbia; and three observers: Poland, Georgia and Slovenia. Kosovo* institutions are the beneficiary of RAI activities.

RAI’s mission is to lead regional cooperation to support anticorruption efforts by providing a common platform for discussions through sharing knowledge and best practices. RAI acts as a regional hub through which governments of the region combine their efforts to help curb corruption in the SEE.

RAI Secretariat is based in Sarajevo and it is the executive body of the Initiative. It facilitates regional cooperation and efforts in curbing corruption in SEE by building on existing actions, through better coordination of all efforts, and by relying on high-level political commitment. The Secretariat adopts human rights-based approach and promotes anti-discrimination by promoting the impact of corruption is looked at from perspectives including gender, disability and poverty.

* This designation is without prejudice to positions on status, and is in line with UNSCR 1244/1999 and the ICJ Opinion on the Kosovo declaration of independence.
The Project

RAI Secretariat will support United Nations Office on Drugs and Crime (UNODC) in implementation of the Regional Anti-Corruption and Illicit Finance Roadmap for the Western Balkans (hereinafter: the Roadmap). As the implementing partner for the Roadmap, RAI will further support the regional ownership of the Roadmap. UNODC is the lead implementer of the Roadmap and Roadmap Secretariat will be based in Vienna. The project duration is from 2022 to 2026.

Roadmap builds on the momentum generated in the context of the Berlin process. In addition to the Berlin Process, the Roadmap builds on the outcome of the first United Nations General Assembly Special session against Corruption (UNGASS) held on 2-4 June 2021, including the anti-corruption commitments agreed to by jurisdictions in the UNGASS Political Declaration. High-level government representatives from the Western Balkans jurisdictions met in Ohrid, North Macedonia, on 25 June 2021, adopting the Roadmap to fast-track the implementation of the United Nations Convention against Corruption (UNCAC) in support of the achievement of Sustainable Development Goal (SDG) 16 and other relevant SDGs in the Western Balkans jurisdictions.

The implementation of Roadmap will result in the delivery of tangible improvements to the implementation of existing national anti-corruption/anti illicit finance measures, and international standards and recommendations, including those from the Group of States against Corruption (GRECO) evaluation recommendations and the European Commission’s annual reports with respect to EU accession. The overall objective of this project is to support the implementation of the Roadmap with the overall aim to fast-track the implementation of existing anti-corruption commitments, including those under the UNCAC, the GRECO evaluation recommendations, and relevant EU Directives.

The specific goals/outcomes of the project are:

- Goal 1: Preventing and countering corruption in public procurement, including in times of crises;
- Goal 2: Further strengthening conflict of interest and asset declaration systems;
- Goal 3: Enhancing criminal justice responses to corruption and economic crime through the creation of a regional network of specialized prosecutors, law enforcement and financial intelligence units in the Western Balkans jurisdictions.

The Project will be gender mainstreamed in line with the UNODC Strategy for Gender Equality and the Empowerment of Women (2018-2021) and reinforced by the UNODC strategy 2021-2025.
